SUBJECT: Albany Beach Feasibility Study

Dear Mr. Schuchat:

Agreement Number SFBC 05-14, between BCDC and the California State Coastal Conservancy, provides funding to the Coastal Conservancy for disbursement to the East Bay Regional Park District to undertake trail and other public access improvements and Bay shoreline habitat enhancement along the East Bay shoreline. The agreement requires that the Coastal Conservancy coordinate with the East Bay Regional Park District to identify specific projects and that BCDC shall indicate approval of the project(s).

The proposed project to provide the East Bay Regional Park District with funding to undertake a feasibility study of the restoration of sand dunes and related improvements at Albany Beach is consistent with the requirements as described in SFBC 05-14. Therefore, I approve the use of \$100,000 under SFBC 05-14 for the Albany Beach Feasibility Study.

Sincerely,

WILL TRAVIS
Executive Director
